

Waterproof Fabric 3x3m Gazebo

Description:

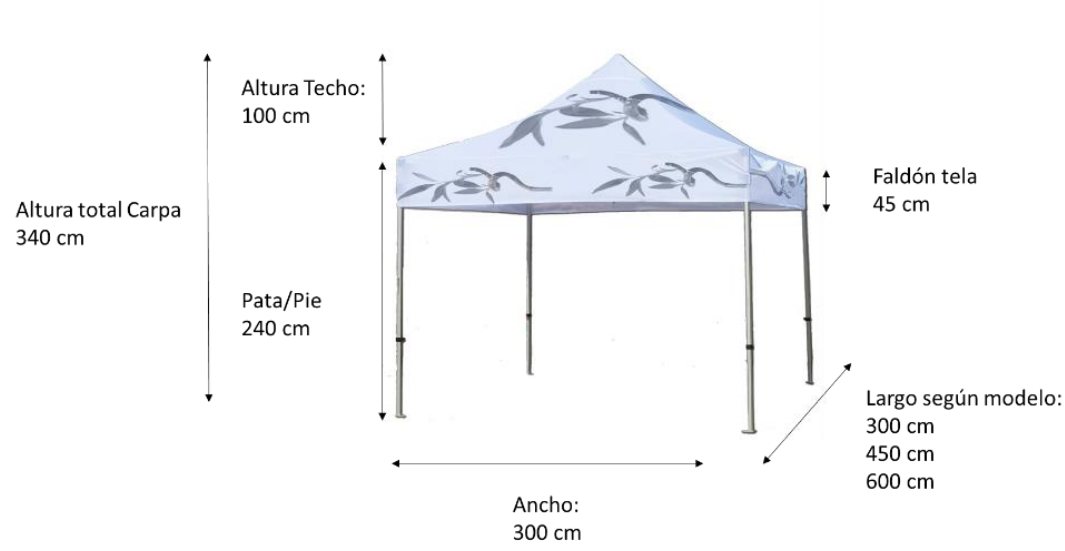

Collapsible 3 x 3 metre gazebo made of 100% polyester fabric (280g/m²). The valance and roof can be customised with your choice of colours and/or designs.

The fabric has an anti-pollution Surface treatment, and is colourfast and washable. It is also water-resistant and wind-resistant.

It includes a metallic grey aluminium structure made up of 40 mm hexagonal tube segments with black hardened plastic joints.
